

CARE GUIDE

FLOORING + DECKING

Our standard flooring and decking finishes are oil-based. We recommend the following Rubio products for cleaning and refreshing your floor or deck. If your product has a custom finish, please consult our sales team for tailored instructions.

Cleaning: Use "Rubio Monocoat Soap" to clean your flooring.

Refresh: Use "Rubio Monocoat Renew" to refresh and protect your flooring.

TILE

Our standard tile finishes are water-based. We recommend the following products for cleaning and refreshing your tile. If your product has a custom finish, please consult our sales team for tailored instructions.

Cleaning: Use "Bona Hardwood Floor Cleaner" or "Loba Universal Floor Cleaner" to clean your tile.

Refresh: Use "Bona Hardwood Floor Refresher" to refresh and protect your tile.

GENERAL MAINTENANCE

- Clean your products regularly using a soft-bristle broom, dust mop, or a slightly damp cloth.
- Avoid exposure to excessive water. Do not wet-mop the floor to prevent damage and discoloration.
- Take extra caution when moving heavy objects to avoid scratching or gouging the floor.
- Avoid wearing spiked or stiletto high-heel shoes, as they can dent and damage hardwood floors.
- Maintain a humidity level of 30 to 50 percent and a temperature range of 60°F to 80°F.
- Avoid rapid fluctuations in temperature or humidity by never turning off HVAC systems when away for an extended period.
